

Editing feature information

The information on this page refers to License Statistics v6.0 and newer, which introduced a new user interface (UI). If you are using a version previous to v6.0, see [documentation for previous versions](#).

You can edit the feature information that displays in the **Features** pages so the feature is more recognizable.

To edit feature information, click the **Edit** icon on the right end of the General Information title bar from any Feature page (you can also click the Edit icon for a feature listed in the [License Servers](#) page):
