

License Statistics v6.16.1 Release Notes

Due to a critical fix made in [License Statistics v6.17.3](#), License Statistics v6.16.1 is deprecated and no longer available for download. If you have questions, please [contact X-Formation Support](#).

License Statistics version 6.16.1 includes the fixes detailed below. Most of these improvements were made in response to [customer feedback](#). For more information on how we incorporate customer feedback into our development process, see [Customer-driven development](#).

For information about activating your License Statistics license, see [Activating a License Statistics license on Windows](#) or [Activating a License Statistics license online](#).

In addition to learning about the changes in this release, we highly recommend reviewing the [License Statistics v6.0 Release Notes](#), [License Statistics v5.15 Release Notes](#) and [License Statistics v5.14 Release Notes](#) if you are upgrading from an older version.
