

License Statistics v6.17.4 Release Notes

License Statistics version 6.17.4 includes the fixes detailed below. Most of these improvements were made in response to [customer feedback](#). For more information on how we incorporate customer feedback into our development process, see [Customer-driven development](#).

For information about activating your License Statistics license, see [Activating a License Statistics license on Windows](#) or [Activating a License Statistics license online](#).

 In addition to learning about the changes in this release, we highly recommend reviewing the [License Statistics v6.0 Release Notes](#), [License Statistics v5.15 Release Notes](#) and [License Statistics v5.14 Release Notes](#) if you are upgrading from an older version.

 When upgrading from License Statistics v6.17 and newer on Linux, use the [DEB](#) and [RPM](#) installers to automatically update your installation.
