License Statistics v6.19.1 Release Notes

ⓘ License Statistics version 6.19.1 includes the enhancements and fixes detailed below. Most of these improvements were made in response to customer feedback. For more information on how we incorporate customer feedback into our development process, see Customer-driven development.

✅ When upgrading from License Statistics v6.17 and newer on Linux, use the DEB and RPM installers to update your installation automatically.

⚠ In addition to learning about the changes in this release, we highly recommend reviewing the License Statistics v6.18 Release Notes if you are upgrading from an older version.
