

License Statistics v6.0.2 Release Notes

License Statistics version 6.0.2 includes the enhancements and fixes detailed below. Most of these improvements were made in response to [customer feedback](#). For more information on how we incorporate customer feedback into our development process, see [Customer-driven development](#).

For information about activating your License Statistics license, see [Activating a License Statistics license on Windows](#) or [Activating a License Statistics license online](#).

 In addition to learning about the changes in this release, we highly recommend reviewing the [License Statistics v6.0 Release Notes](#), [License Statistics v5.15 Release Notes](#) and [License Statistics v5.14 Release Notes](#) if you are upgrading from an older version.

Enhancements

License Statistics v6.0.2 includes the following enhancements.

Issue #	Description
LICSTAT-16123	Multiple improvements have been introduced to LDAP support including: • Ability to disable automatic user creation separately from LDAP authentication • When LDAP authentication is disabled for the entire application, the "Authenticate using LDAP" checkbox for users becomes disabled and an informational message is given • Changing the local password for an LDAP-authenticated user is disabled in both Account Settings and User Management pages

Fixes

License Statistics v6.0.2 includes the following fixes.

Issue #	Description
LICSTAT-16178	Fixed an issue with automatically resubscribing users to email notifications after LDAP authentication.
LICSTAT-16150	Fixed an issue with exporting a report when its data is not ready yet.
LICSTAT-16148	Fixed an issue with exporting feature Usage History for license server group.
