

License Statistics v6.0.3 Release Notes

License Statistics version 6.0.3 includes the fixes detailed below. Most of these improvements were made in response to [customer feedback](#). For more information on how we incorporate customer feedback into our development process, see [Customer-driven development](#).

For information about activating your License Statistics license, see [Activating a License Statistics license on Windows](#) or [Activating a License Statistics license online](#).

In addition to learning about the changes in this release, we highly recommend reviewing the [License Statistics v6.0 Release Notes](#), [License Statistics v5.15 Release Notes](#) and [License Statistics v5.14 Release Notes](#) if you are upgrading from an older version.

Fixes

License Statistics v6.0.3 includes the following fixes.

Issue #	Description
LICSTAT-16248	Fixed an issue with license expiration email notification being sent too frequently.
LICSTAT-16237	Fixed an issue with chart data differences after migration to v6.0. <div> It may take some time to execute the migration. Execution time depends on database size, but typically takes no longer than a few minutes.</div>
LICSTAT-16218	Fixed an issue with incorrectly parsed usernames for FlexNet license server.
LICSTAT-16209	Fixed an issue with the list on the Feature Visibility tab displaying only 20 license servers.
LICSTAT-16194	Fixed an issue with invalid checkbox state on Permissions tab.
LICSTAT-16192	Fixed an issue with License Server visibility grid failing to display license servers that haven't been queried.
LICSTAT-16188	Fixed an issue related to not escaping HTML entities.
LICSTAT-16064	Fixed an issue with aggregating data from multiple servers that are gathering data for short periods.
