

Get product

To retrieve a product with a given ID, use the following request:

```
GET /products/id
```

where:

- *id* (integer) is the product ID.

Example request

```
GET /products/1 HTTP/1.1
Authorization: Bearer f794846b7c26621688e1e06164975b4eae8ce2f6
```

Response

The LAC REST API returns the standard HTTP response codes described in the following table.

Status Code	Description
200 OK	Product object.
403 Forbidden	Invalid or expired token provided.
404 Not Found	Product ID does not exist.

Example Response

```
HTTP/1.1 200 OK
Content-Type: application/json
