License Statistics v6.10.1 Release Notes

License Statistics version 6.10.1 includes the fixes detailed below. Most of these improvements were made in response to customer feedback. For more information on how we incorporate customer feedback into our development process, see Customer-driven development.

For information about activating your License Statistics license, see Activating a License Statistics license on Windows or Activating a License Statistics license online.

> ⚠ In addition to learning about the changes in this release, we highly recommend reviewing the License Statistics v6.0 Release Notes, License Statistics v5.15 Release Notes and License Statistics v5.14 Release Notes if you are upgrading from an older version.

Fixes

License Statistics v6.10.1 includes the following fixes.

Issue #	Description
LICSTAT-18642	Fixed an issue with Agent failing to report Autodesk usage, with the error: *Scheduled action failed: Error querying database.* ⓘ Both the License Statistics server and License Statistics Agent must be updated to version 6.10.1 to resolve the issue.
LICSTAT-18557	Fixed an issue with online License Statistics Agent failing to detect active application usage.
